NXTLEVEL COLLECTIVE

FOR EMPLOYERS

Host an intern. Meet your next hire.

Prepared students, a skills trainer in your corner, and no wage cost to you.

What you get

- **A prepared intern.** Every student finishes workplace readiness training before day one.
- **A real match.** We match students to your tasks using their strengths and interests, not just whoever is available.
- **A skills trainer in your corner.** Regular check-ins, coaching for the intern and a direct line for you.
- **No payroll or paperwork headaches.** Interns are on NXTLEVEL's payroll. We handle the hiring paperwork and pay the intern.
- **A hiring pipeline.** Test-drive young talent before you post a job.

> **What we ask:** one supervisor, 10+ hours a week of real work for 10 to 15 weeks, a site visit so we can learn the tasks, and quick feedback at check-ins.

Host an intern

Grace calls within 2 business days for a 15-minute chat.
